

309-3 Kitchen

"The "thoroughly modern" kitchen is efficient and concise. Equipped with the finest appliances and features, it can turn out a quick family meal or a dinner fit for guests. The simplicity provides a proper background for display of the homeowners' collected pieces of glass and pottery. The mirrored backsplash adds elegance, reflected light and makes the carefully planned space seem to go on forever. The splashy alligator bar stools in purple bring a touch of sassiness to the contemporary elegance."
