May 17, 2006

The Symphony Guild -- Board, Committee Chairs and Membership -- has once again worked tirelessly to promote our Guild's mission in our community. Many of our goals for 2005-2006 centered on continuing our relevance -- to ensure that The Guild, within our organization structure, is prepared to meet the challenges of an ever changing non-profit, volunteer world. At our Board Leadership Retreat in June 2005, we endeavored to create a vision for The Guild; much of our committee work was directed to developing an operating plan to achieve the goals. Our standing committees met many times throughout the year to plan for the future, review existing policies and structure, ensure fiscal soundness and assess the viability of our projects.

We thank the Guild volunteers' "can do" culture and "will do" commitment. We thank the Charlotte Symphony and the Charlotte Symphony Youth Orchestra members for their musical support and friendship. The Guild could never have realized the success of our many projects without you. Finally, I personally thank you for granting me the honor of serving as president of our most remarkable organization.

Respectfully submitted,
Linda Weisbruch, President, 2005-2006

SYMPHONY GUILD VISION STATEMENT

By the year 2011 . . .

The Symphony Guild of Charlotte will be a highly visible organization dedicated to promoting the cultural value of symphonic music and championing youth music education.

To accomplish this, we will

- *be an inclusive organization;*
- *have a greater community presence;*
- *identify and address the changing needs within our community and organization;*
- *identify additional fundraising opportunities to allow our enrichment and donations to grow as needed;*
- *increase our membership and volunteer hours per member;*
- *provide members with training and educational opportunities.*

This Vision Statement is the product of two years' in-depth study to successfully position The Symphony Guild of Charlotte for future growth, relevance and sustainability. The work of two annual Board & Committee Chair Retreats (in 2005 and 2006) focused entirely on creating the infrastructure for a new Five-Year Strategic Plan - the Vision, and the Operational and Tactical Plans to get us there. The Guild Standing Committee for Long Range Planning took the volumes of creative input from these Retreats and crafted the Vision Statement which was presented at the 2006 Annual Meeting held on May 17, 2006.

Each of the six goals above will be the focus of much work in the coming years, and several new projects will be introduced this year. Look for more information in an ongoing column, "Your Strategic Plan at Work," in the coming year's Noteables as the creative ideas of our Board of Directors and Long Range Planning Committee begin to bloom!
